## BOARD MEETING AND COMMITTEE MEETINGS

Immediately following the judges luncheon in the Director's Room on the fairgounds, there will be a meeting of the Nomenclature Committee, followed by a meeting of the Show and Judging Rules. Since time is short and there is not time to write each chapter president they are requested to appoint one of their accredited judges to represent them at the meeting. Any other member who feels that they may have some suggestions to offer, or just to attend, are welcome. The rules need to conform to the needs of the Society and its members, and they should come from that source. The officers are only the tools of the members, so they should be given the materials to build with.

2½ miles west of
US 441 on
Clarcona road

The Old Bach'lor says he lost 110 pounds - - -
She was a blonde!!

## ANNUAL MEMBERSHIP MEETING

The Annual Membership Meeting has been set for June 28th thru the 30th. The place is Miami Beach, Florida and the Hotel has been changed to the big sister of the DelMonico. We are now going to be housed in the Martinique. The prices have changed slightly. The rates are $19.00 per person, double or triple, and $24.75 single. If those of you who plan to go down alone and would like to team up with some other member you could drop a note to the Executive Secretary and he would put you in touch with someone who would like to share a room.

This is what you will get for your $19.00. Two nights lodging (Friday & Saturday), dinner Friday night, breakfast, lunch and dinner Saturday, and breakfast and lunch on Sunday.

You will receive a reservation card from the hotel and you should make your reservation direct with the Martinique.

The Convention committee is trying to work up some tours etc. for your entertainment during the time you are in Miami Beach. Of course there is the Ocean and swimming pool at the Martinique and many other things to do or see that you can take in for yourself or in a group of your friends. If you have any ideas send them in.

There will be the plant drawing as we have done in the past. Any plants will be appreciated if you have any to donate to the drawing. All of the plans are not final so give us your suggestions.

Make plans now to be with your friends at the Martinique on June 28th thru 30th. See you there.

The hair dye job
Didn't turn out right,
So she sits in tears
This sadder-day night.
